Odessos Shiprepair Yard has continued its good customer relationship with class renewal to Neptune Thelisis, owned by Neptune Lines.

“To work together with Neptune Lines is a pleasure. Work goes smoothly and the client’s requirements are satisfied on time and within the budget”, says Nikolai Skopchanov, Estimator at Odessos Shiprepair Yard.

The scope of work included:

1. Standard dry docking works:

- Hull treatment – clean by HPFW, LPFW, grit blasting SA2, SA1, air blowing, epoxy primer painting and silicone painting program. In connection with the silicone painting program we needed to protect Propeller, ICCP, Anodes, Log, Thruster propellers, masking by plastic sheets above waterline, dock cleaning and washing.

Neptune Lines eye logo on the bow PS/PB was marked and painted.

In total:

- HPFW+LPFW washing – 36 000 sq. m
- SA2+SA1 blasting – 2 100 sq. m
- Epoxy primer painting – 11 615 sq. m
- Silicone painting program – 5 465 sq. m

- taking measurements on the Propeller-rudder system
- Propeller polishing

- Bow-thruster propeller cleaning and polishing
- Sea chest gratings – disassembling, cleaning and painting
- ICCP anodes system renewal
- Anchor, Anchor chain and Chain locker maintenance
- Stern ramp and Quarter ramp water hose servicing and tests

2. Various Pipe renewals

3. Steel works – Shell plate SB iwo entrance door steel plates, thin plates renewal, new seams; Cofferdam – crop part of stiffener; Aft Ramp repairs

4. Deck works – Life boats and Davits refitting and certificate; Ventilation grids maintenance

5. Machinery works

6. Electrical works
