Date of arrival: 28 July 2015
Date of departure: 10 August 2015
Vessel's name: M/V Neptune Iliad
Vessel's type: Vehicles carrier
Gross Tonnage: 36825
Deadweight: 11409 t
LengthxBreadth: 170 x 29 m
Year built: 2010

Project requirements: standard drydock works and fouling control coating with high solids content applying (silicon paint application).

Odessos Shiprepair Yard S.A. accommodated for repair and maintenance the vehicles carrier Neptune Iliad. The vessel was docked at our Floating dock No.3 and standard drydock jobs were carried out. In addition steel, mechanical and pipeline modifications were done.
Re-bushing of the stern ramp hinges was done in situ, incl. boring of the bush seats.
The project completed on time and within budget and Neptune Iliad went straight back into service on schedule.
The ship sailed repaired, new painted with portrayed eyes.

Fair winds!
